

Before you hurry down the chimney, Santa....

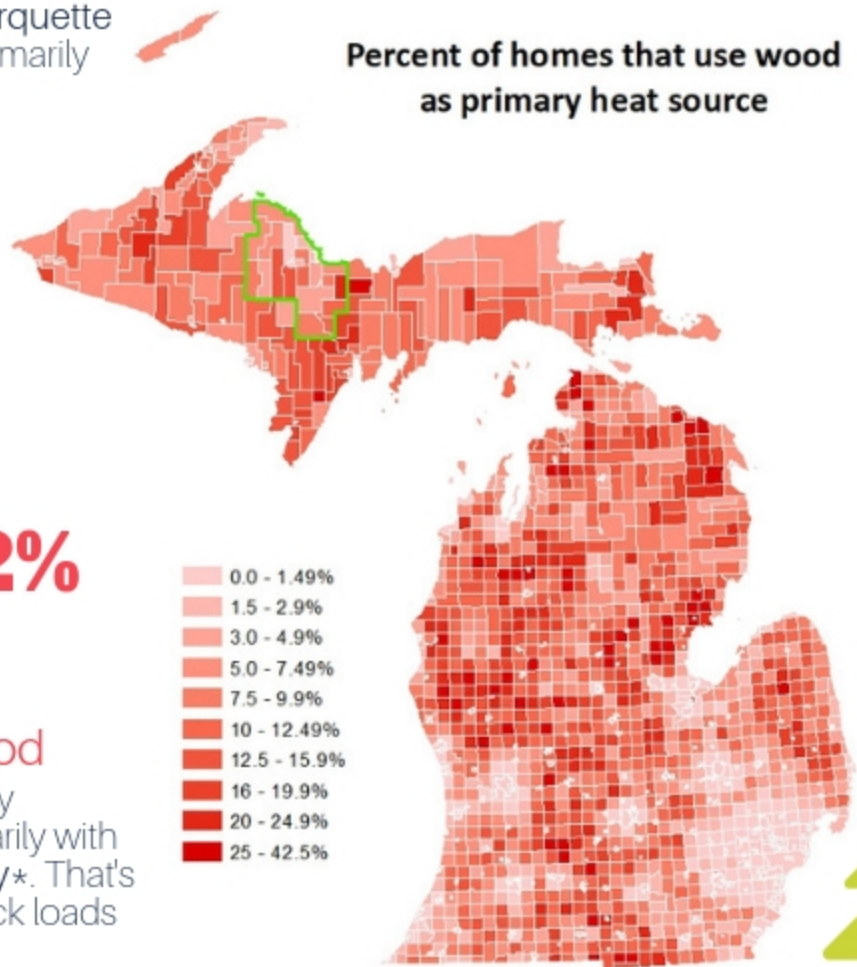

4.23% of homes in Marquette County heat primarily with wood

That's more than 1.5 times the percentage of homes statewide at **2.77%**

Skandia Township tops the scale within Marquette County at **22%**

approximately **6,532** cords of wood are consumed each year by households that heat primarily with wood in Marquette County*. That's roughly 13,000 pick-up truck loads or 933 logging truck loads.

Percent of homes that use wood as primary heat source

*Average household wood consumption data for Midwest Region from eia.gov

Assumptions: 24 million BTU per cord of wood (Eastern hardwood); 1 pick-up truck load = 1/2 cord of wood; 1 logging truck load = 7 cords of wood
